**Research Data Management Support Services at UiT**

**Planning, Compliance & Best Practice**

- **FAIR Research Data**
  - Re-use
  - Collaboration & Innovation
  - Discovery & Verification

**PRINCIPLES AND GUIDELINES FOR RESEARCH DATA MANAGEMENT AT UiT**

- **Adopted by the University board on March 2017**
- **Applies to all employees at UiT, including PhD students**
- **Applies to all projects that start 01.09.17 or later**
- **PURPOSE:** Clarify researcher responsibilities and give guidance about how research data shall be managed, shared and archived

**RDM TRAINING COURSE THEMES**

- Introduction to RDM
- How to structure and document
- How to store research data
- How to share research data
- How to search and cite
- Research data agreements
- Rights and data licenses
- Data Management Plan
- Personal/Sensitive Data

**DATA MANAGEMENT PLANS**

- **NSD template** - Projects subject to notification to Norwegian RD Center
- **DMPonline** - Projects funded by EU
- **UiT template** - All other projects

**Percentage uploads by subject to the UiT Open Research Data Archive**
